Company Overview & Fact Sheet

ABOUT SKYBRIDGE LOGISTICS

SkyBridge Logistics is a premier global freight forwarding and supply chain management provider. Established to streamline the complex trade lanes between North America and the European Union, we specialize in high-efficiency logistics solutions that connect businesses to global markets.

With a focus on legal compliance and digital tracking, SkyBridge Logistics ensures that every shipment—whether by air, sea, or land—is handled with precision, from origin to final destination.

KEY INFORMATION

Headquarters: North America / Europe Operations Hubs

Founded: 2024

Industry: International Logistics & Transportation

Mission: To provide seamless, transparent, and legally-compliant logistics bridges for SMEs and global enterprises.

SERVICE PILLARS

Air & Ocean Freight: Optimized routes for time-sensitive or bulk cargo between USA, Canada, and EU ports.

Customs Expertise: Expert navigation of CBP (US), CBSA (Canada), and EU Customs Union regulations.

Technology Driven: Real-time tracking and digital documentation management for total transparency.

OUR MARKETS

We actively manage distribution networks across **40+ countries**, with dedicated specialized teams in the United States, Canada, and across the European Economic Area.
